

Analytics Intelligence

ANY INDUSTRY
ANY PROCESS
ANY MACHINE

Connectivity

- Any industry, any process, any asset
- Available interfaces for any type of industrial controller
- Collect any available data item and store on the Freedom® AI platform

Actionable Information

- Automatic classification of data
- Visualization of trends and anomalies
- Gain valuable insights into your operations
- Enables real-time, data-driven decision making
- Real-time notification of manufacturing events and alerts delivered by SMS or email

Distribute Throughout the Enterprise

- Share information from the shop floor to the top floor
- Integrate across business systems such as ERP, MES, QMS, CMMS, and others
- Users can access using any web browser on desktops, laptops, or mobile devices
- It's your data – we don't share or aggregate it with others

Developed by Manufacturing Experts

- We are performance minded - our mission is to drive change and improve productivity
- Our deep domain expertise of industrial assets, manufacturing processes, and operations management ensure a quick implementation to achieve World-Class results

Business Value

- Freedom AI creates millions of dollars of value for its clients by:

- REDUCING LABOR COST
- IMPROVING PRODUCT QUALITY
- REDUCING ADMINISTRATIVE WORK
- INCREASING OUTPUT WITH LESS OVERTIME
- MINIMIZING MAINTENANCE AND DOWNTIME
- ELIMINATING THE NEED TO PURCHASE ADDITIONAL EQUIPMENT FOR CAPACITY

- Supports and drives continuous improvement programs
- Up to a 50% production improvement
- ROI in months not years

Put your process to the test.

Run FREEDOM AI FREE for 60 Days and start gaining the insights your business needs.

60 DAYS FREE
